

THE PEREGRINE FALCON

Erratum to figure 2.14, page 83

Figure 2.14 Distribution of the three North American Peregrine sub-species in Alaska and neighbouring north-west Canada. Redrawn from Talbot (2017). Note that the map is a flattened 3D projection resulting in the spacing of the lines of latitude appearing unequal.

THE PEREGRINE FALCON

Erratum to figure 2.20, page 108

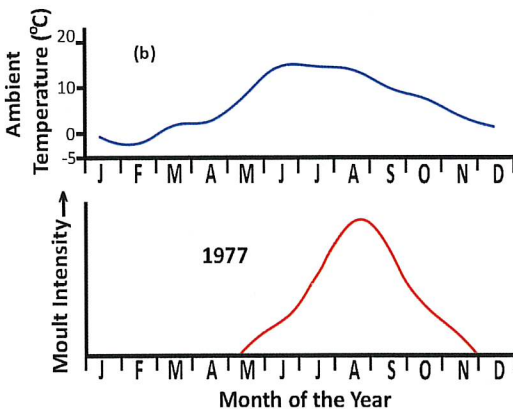

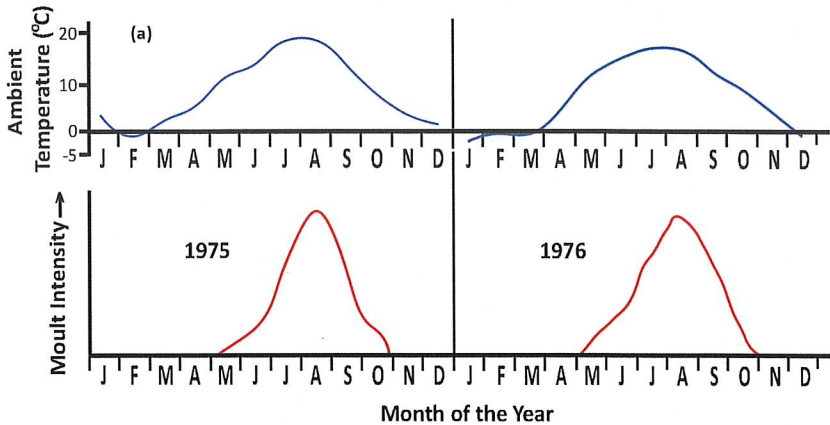

Figure 2.20 Moulting intensity of a male Peregrine (a) above for two successive years and female Peregrine (b) left, each in an outdoor aviary, plotted against ambient temperature. Redrawn from Lindberg (1983).
