Buying From NHBS in US\$ or Euro

We display approximate US\$ and Euro prices for books on our website, and if you live outside the UK, you will have noticed that our prices have substantially decreased over the past few months. This is due to the recent currency exchange rate fluctuations, and we would like to encourage you to take advantage of this situation.

Please note that we can only charge credit cards in Pounds Sterling, and that your bank will apply the exchange rate of the day to all credit card purchases. We are able to accept bank transfers in US\$ and Euro, if required. Please consult our [help section](#) or contact us to find out more.
