

January 2022 Monthly Catalogue

Welcome to the January 2022 edition of the NHBS Monthly Catalogue, which lists all new titles added to our website in the last month.

There are three noteworthy upcoming bird books: In June, Bloomsbury will publish the paperback of [The Glitter in the Green: In Search of Hummingbirds and Birds of the Lesser Antilles](#), a new addition to their Helm Wildlife Guides series, while Springer has just published the paperback of [Behavioural Ecology of Western Palearctic Falcons](#). For other vertebrate groups, we have one fish book this month with [The Ecology and Biogeography of Sri Lanka: A Context for Freshwater Fishes](#), just published by Wildlife Heritage Trust Publications.

On the subject of insects and other invertebrate groups, we have some fantastic titles coming from Princeton University Press with [The Lives of Moths: A Natural History of Our Planet's Moth Life](#), due April, and [The Mind of a Bee](#), due June. Springer has just published the paperback of [Stingless Bees: Their Behaviour, Ecology and Evolution](#), while ConchBooks has published two new volumes in their series The Conchological Albums – Terrestrial Molluscs: [Volume 5: Bulimulidae \(2\), Camaenidae \(1\)](#), and [Volume 6: Camaenidae \(2\)](#).

We have a bumper crop of botany titles. Wild Nature Press is publishing [Field Guide to Coastal Wildflowers of Britain, Ireland and Northwest Europe](#) in May and HarperCollins has announced the next New Naturalist for April, simply titled [Trees](#). Two paperback reissues are [Finding the Mother Tree: Uncovering the Wisdom and Intelligence of the Forest](#), due March from Penguin Books, and [The White Birch: A Russian Reflection](#), due June from Corsair. Lastly, the Paris Muséum National d'Histoire Naturelle has just published [Enraciner l'Empire: Une Autre Histoire du Jardin Botanique de Calcutta \(1860-1910\) \[Grounding the Empire: Another Story of the Calcutta Botanical Garden \(1860-1910\)\]](#). Two noteworthy mycology titles are [The Lives of Fungi: A Natural History of Our Planet's Decomposers](#), due April from Princeton University Press, and [The Mycological Revolution: Transforming Our World with Mushrooms, Lichens, and Other Fungi](#), due March from Microcosm Publishing.

On the topics of wildlife conservation and other environmental issues, we similarly have some strong titles to announce. In June, Witness Book will publish [Rewilding the Sea: How to Save Our Oceans](#) by Charles Clover (author of The End of the Line), Yale University Press will publish [Security and Conservation: The Politics of the Illegal Wildlife Trade](#), and Oxford University Press will publish [The Cosmic Oasis: The Remarkable Story of Earth's Biosphere](#). Schöningh Verlag has announced [Zooscape 2020: Sheridan's Handbook of Zoos in Europe 2015-2030](#) for January, which is the follow-up to their successful title [Zooming in on Europe's Zoos](#). Three paperback reissues are [Regeneration: The Rescue of a Wild Land](#), due April from Birlinn Publishing, Elizabeth Kolbert's [Under a White Sky: The Nature of the Future](#), due March from Viking Books, and a mass-market paperback of Michael Mann's [The New Climate War: The Fight to Take Back Our Planet](#), due June from Scribe Publications.

To round out this month, we have two books on palaeontology from Princeton University Press: [Paleontology: An Illustrated History](#) in February and Gregory S. Paul's [The Princeton Field Guide to Pterosaurs](#) in June. Then a smattering of diverse but highly interesting titles: Princeton University Press is publishing [When Animals Dream: The Hidden World of Animal Consciousness](#) in May, The Bodley Head has announced Ed Yong's [An Immense World: How Animal Senses Reveal the Hidden Realms Around Us](#) for June, HarperCollins is publishing [The Sloth Lemur's Song: Madagascar's Deep Past to Its Uncertain Present](#) in March, and Picador is releasing the paperback of Carl Zimmer's [Life's Edge: The Search for What It Means to Be Alive](#) in June.

As always, if you are looking for a particular title that we do not yet have in our range, or you would like to suggest a title for NHBS to stock, please do get in touch. In the meantime, a happy new year from all of us at NHBS, stay safe and keep well.

Why the Wheel Is Round

Muscles, Technology, and How We Make Things Move

Steven Vogel(Author)

There is no part of our bodies that fully rotates – be it a wrist or ankle or arm in a shoulder socket, we are made to twist only so far. And yet there is no more fundamental human invention than the wheel – a rotational mechanism that...
