Welcome to February's NHBS Monthly Catalogue, the ultimate buyer's guide to new and forthcoming titles in natural history, conservation and the environment.

We have just launched our massive 3000 title winter sale. We have huge discounts on a really diverse range of titles this winter to offer a comprehensive, well-stocked collection of sale titles from some of the best science, wildlife and conservation publishers on the planet. The sale also includes an eye-opening voyage around the NHBS warehouse where we have cut the price on a diverse collection of over 2000 titles. For many of these titles there is only a single copy available - check the latest information on our website to get in quick for an NHBS bargain! Some of these titles are incredibly hard to find and many are now out of print.

We are also offering an amazing price of just **£24.99** (Save £7.50) on the new edition of Begon et al's classic text Ecology: Individuals. Populations, Communities as part of our NHBS Essentials: Ecology offer.

This catalogue is also available online, and as a PDF download. Prices are correct at the time of publication; please check www.nhbs.com for the latest prices. To receive a plain text version of the Monthly Catalogue reply 'plain'. To unsubscribe, reply 'unsub mc'.
