**Welcome** to the March NHBS **Monthly Catalogue**, the ultimate buyer's guide to new and forthcoming titles in natural history, conservation and the environment.

We have got some fantastic new titles available this month, including: **The Terrestrial Ecoregions of Africa and Madagascar: A Conservation Assessment**, **The Birds of Azerbaijan**, **Hotspots Revisited** and **Sea Turtles**. These are all **Books of the Month**.

There are also some really interesting forthcoming titles; in particular, many customers will be very happy to hear that the long-awaited **Duikers of Africa: Masters of the African Forest Floor** is finally to be published in April! Other highlights include **The Butterflies of West Africa**, a two volume set due in October, Steven Hilty's **Birds of Tropical America: A Watchers Introduction to Behaviour, Breeding and Diversity** due in April, and **Plant Conservation: A Natural History Approach**, announced for July.

Wandering naturalists will recognise Les Beletsky's new Traveller's Wildlife Guides: these new editions of the popular Eco-Traveller Series are published by Arris Books. **Peru, Costa Rica, Ecuador and the Galapagos Islands** and **Belize and Northern Guatemala** are now available, with **Brazilian Amazon and Pantanal** due in July.

Our massive **winter sale** is still on. There are over 2000 bargain titles still available - don't delay - the sale ends 30th April.

View this Monthly Catalogue as a **web page** or save/print it as a **.pdf document**.
