[Birds in Cornwall 2000 \(Region ALL\)](#)

John Chapple, Andy Jane and Steve Rogers

Every year the county of Cornwall plays host to a bewildering array of birds, with many passing through whilst on migration. Occasionally some arrive having been blown off course from far away places such as North America and eastern Europe.

1 disc, runtime: 90 min, region ALL, rating: E |
Hardback | 01/2001 | #204763A |
£11.99 [Add to basket](#)

[Birds in Cornwall 2005 \(Region ALL\)](#)

John Chapple and Steve Rogers

Due to the geographical location of Cornwall, birding in the county is totally unpredictable. Every year has its special moments and the arrival of a rarity or two can make it memorable.

1 disc, runtime: 74 min, region ALL |
Hardback | 01/2006 | #204765A |
£14.39 [Add to basket](#)

[Birds in Cornwall 2006 \(Region ALL\)](#)

John Chapple and Steve Rogers

Cornwall is not noted for its abundance of breeding species, however, it is renowned for hosting rarities during the migration period. The unexpected arrival of a rarity or two sets a birder's pulse racing.

1 disc, runtime: 83 min, region ALL |
Hardback | 01/2007 | #204766A |
£14.39 [Add to basket](#)

[Birds in Cornwall 2007 \(Region ALL\)](#)

John Chapple and Steve Rogers

The winter of 2007 brought some totally unexpected visitors to Cornwall. Notably two extremely rare Diver species, Pacific and White-billed. The latter will stay in many a birder's memory, not just for it's rarity status, but for the incredibly

[Strange Natures](#)

Futurity, Empathy, and the Queer Ecological Imagination

Nicole Seymour

In *Strange Natures*, Nicole Seymour investigates the ways in which contemporary queer fictions offer insight on environmental issues through their performance of a specifically queer understanding of nature, the nonhuman, and

[The Great Texas Wind Rush](#)

How George Bush, Ann Richards, and a Bunch of Tinkerers Helped the Oil and Gas State Win the Race to Wind Power

Kate Galbraith and Asher Price

In the late 1990s, West Texas was full of rundown towns and pumpjacks, aging reminders of the oil rush of an earlier era. Today, the towns are thriving as 300-foot-tall wind turbines tower above those pumpjacks. Wind energy has become

[The Snail Darter and the Dam](#)

How Pork-Barrel Politics Endangered a Fish and Killed a River

Zygmunt JB Plater

Even today, thirty years after the legal battles to save the endangered snail darter, the little fish that blocked completion of a TVA dam is still invoked as an icon of leftist extremism and governmental foolishness. In this eye-opening

[This is Hope: Green Vegans and the New Human Ecology](#)

How We Find Our Way to a Humane and Environmentally Sane Future

Will Anderson

This is Hope compares the outcomes of two human ecologies; one is tragic, the other is full of promise. It describes in depth our current human ecology to illustrate how we are living inappropriately, cruelly, and unsustainably.

[Traveling the Power Line](#)

From the Mojave Desert to the Bay of Fundy

Julianne Couch

In our power-hungry world, all the talk about energy – what's safe and what's risky, what's clean and what's dirty, what's cheap and what's easy – tends to generate more heat than light.
