[NAFTA and Sustainable Development](#)

The History, Experience, and Prospects for Reform

Hoi L Kong and L Kinvin Wroth

The North American Free Trade Agreement (NAFTA) and its companion agreement, the North American Agreement on Environmental Cooperation (NAAEC), provide important and often underappreciated protection for the environmental laws of the

480 pages | 5 b/w illustrations, 4 tables | Hardback | NYP 07/2015 | 9781107097223 | #221853A | **£79.99** [Add to basket](#)

[Planet Dialectics](#)

Explorations in Environment and Development

Wolfgang Sachs and Susan George

All effects of human action will inevitably be played out within our planet's limits; any hope of infinity is an illusion. And yet, as Wolfgang Sachs warned almost twenty years ago, environmental concerns have been assimilated into

272 pages | Paperback | NYP 03/2015 | 9781783603404 | #222749A | **£12.99** [Add to basket](#)

[Southern Forages](#)

Modern Concepts for Forage Crop Management

Donald M Ball, CS Hoveland, Garry D Lacefield and International Plant Nutrition Institute (IPNI) *Southern Forages* was first published in 1991 with a wide range of audiences in mind. This Fifth Edition is substantially updated from the widely acclaimed Fourth Edition released in 2007. *Southern Forages* remains a

[The Ethics of Nuclear Energy](#)

Risk, Justice and Democracy in the post-Fukushima Era

Behnam Taebi and Sabine Roeser

Despite the nuclear accident at the Fukushima-Daiichi plant in Japan, a growing number of countries are interested in expanding or introducing nuclear energy. However, nuclear energy production and nuclear waste disposal give rise to

240 pages | 6 b/w illustrations, 8 tables | Hardback | NYP 08/2015 | 9781107054844 | #221855A | **£54.99** [Add to basket](#)

[The Indispensable Excess of the Aesthetic](#)

An Evolution of Sensibility in Nature

Katya Mandoki

The Indispensable Excess of the Aesthetic: An Evolution of Sensibility in Nature traces the evolution of sensibility from the most primal indications detectable at the level of cellular receptors and plant tendril sensitivity

264 pages | 3 tables | Hardback | NYP 05/2015 | 9781498503068 | #222900A | **£57.95** [Add to basket](#)

[The Meaning of Human Existence](#)

Edward Osborne Wilson

Searching for meaning in what Nietzsche once called the rainbow colors around the outer edges of knowledge and imagination, Edward O. Wilson bridges science and philosophy to create a twenty-first-century treatise on human existence.
