Mammals

[An Indomitable Beast](#)

The Remarkable Journey of the Jaguar

Alan Rabinowitz

The jaguar is one of the most mysterious and least-known big cats of the world. The largest cat in the Americas, it has survived an onslaught of environmental and human threats partly because of an evolutionary history unique among wild

304 pages | 8 plates with colour photos; 10 b/w illustrations, maps, tables | Hardback | NYP 10/2014 | 9781597269964 | #212929A | **£18.99** [Add to basket](#)

[Australia's War Against Rabbits](#)

The Story of Rabbit Haemorrhagic Disease

Brian Douglas Cooke

The management of wild rabbits is a vexing problem worldwide. In countries such as Australia and New Zealand, wild rabbits are regarded as serious pests to agriculture and the environment, while in many European countries they are considered

240 pages | Paperback | NYP 06/2014 | 9780643096127 | #214110A | **£64.95** [Add to basket](#)

[Bats: A World of Science and Mystery](#)

Melville Brock Fenton and Nancy B Simmons

There are more than 1300 species of bats – or almost a quarter of the world's mammal species. But before you shrink in fear from these furry "creatures of the night," consider the bat's fundamental role in our

240 pages | 80 colour plates, 10 b/w photos, 10 b/w illustrations | Hardback | NYP 10/2014 | 9780226065120 | #214206A | **£24.50** [Add to basket](#)

[Camelid Infectious Disorders](#)

Ulrich Wernery, Jorg Kinne and Rolf Karl Schuster

This revised third edition of *Camelid Infectious Disorders* provides an up-to-date reference book covering all infectious diseases in camelids. *Camelid Infectious Disorders* is divided into chapters on bacteria

550 pages | Paperback | 01/2014 | 9789290449546 | #214364A | **£69.99** [Add to basket](#)

[Citizen Canine](#)

Our Evolving Relationship with Cats and Dogs

David Grimm

Dogs are getting lawyers. Cats are getting kidney transplants. Could they one day be fellow citizens? Cats and dogs were once wild animals. Today, they are family members and surrogate children. A little over a century ago, pets didn't

352 pages | Hardback | 07/2013 | 9781610391337 | #213937A | **£17.99** [Add to basket](#)

[Free-Ranging Domestic Cats](#)

Behavior, Ecology, and Management

Stephen Spotte

With eradication of feral and stray cats now a top conservation priority, renewed effort and urgency must be directed toward understanding their behavior, reproductive biology, space use, intraspecies interaction, dietary requirements

[Hemp Bound](#)

Dispatches from the Front Lines of the Next Agricultural Revolution

Doug Fine

The stat sheet on hemp sounds almost too good to be true: its fibres are among the planet's strongest, its seed oil the most nutritious, and its potential as an energy source vast and untapped. Its one downside? For nearly a century

[The Asteroid Threat](#)

Defending Our Planet from Deadly Near-Earth Objects

William E Burrows

The explosion of a large meteor over Chelyabinsk, Siberia, in February 2013 is just the latest reminder that planet Earth is vulnerable to damaging and potentially catastrophic collisions with space debris of various kinds.
