Mammals

[A Hippo Love Story](#)

A Woman's Fight To Protect a Hippo Family

Karen Paolillo

When the threads that hold human society together unravel, the animal kingdom suffers. Karen Paolillo discovered this first-hand in Zimbabwe when she developed a close connection with thirteen hippos in their natural habitat, the Turgwe River.

Paperback | 05/2014 | 9780143539056
| #215052A | **£19.99** [Add to basket](#)

[Badger](#)

Daniel Heath Justice

Viewed as fierce, menacing or mysterious, badgers have been both admired and reviled throughout human history. Their global reputation for ferocious self-defence has led to brutalization by hunters and sport-seekers; their association with

[The Human Right to Water](#)

Significance, Legal Status and Implications for Water Allocation

Inga T Winkler

The United Nations General Assembly and the Human Rights Council recognised the human right to water in 2010. This formal recognition has put the issue high on the international agenda, but by itself leaves many questions unanswered.

[The Politics of Species](#)

Reshaping our Relationships with Other Animals

Raymond HA Corbey, Annette Lanjouw and Jon Stryker

The assumption that humans are cognitively and morally superior to other animals is fundamental to social democracies and legal systems worldwide. It legitimises treating members of other animal species as inferior to humans.
