

# nhbs monthly catalogue

new and forthcoming titles

Issue: 2005/09

September 2005

customer.services@nhbs.co.uk +44 (0)1803 865913

Welcome to the September NHBS **Monthly Catalogue**, the ultimate buyer's guide to new and forthcoming titles in natural history, conservation and the environment.

We added so many books to [www.nhbs.com](http://www.nhbs.com) this month that we've had to produce this Monthly Catalogue in two sections. This allows us to send you the catalogue without encountering problems with spam filters - we'll adopt this method from now on as we continue to bring you the most complete possible range of titles in environment publishing.

Our huge Autumn Catalogue is only two weeks away! With thousands of titles from the full spectrum of natural history subjects, this is the world's greatest resource for wildlife, science and conservation. See [www.nhbs.com](http://www.nhbs.com) for updates.

Could you research and catalogue the books displayed on this page? Could you market titles and communicate with our diverse range of customers from all corners of the planet? NHBS is recruiting, see [www.nhbs.com/recruitment](http://www.nhbs.com/recruitment) for full information.

## Discounts for libraries, organisations and large orders

Are you a librarian or responsible for book purchasing within your organisation, or are thinking of placing a large order? NHBS provides a specialised supply service for libraries, organisations and bulk purchasers - handling everything from researching hard to obtain titles to arranging documentation and shipment.

We are usually able to offer competitive packages - please contact **customer.services@nhbs.co.uk** to discuss what we can offer.
