Welcome to the December Monthly Catalogue, the most comprehensive buyer's guide to new and forthcoming titles in natural history, conservation and the environment.

A look back on 2007...

2007 has been a very exciting year for NHBS: the last day of the 2007 Backlist Bargains was the busiest day on the www.nhbs.com website ever; we set up a bookstand at [eleven conferences](#) in the UK and mainland Europe over the course of the year and met many of our customers from around the world; and we added a few new [wildlife equipment products](#) to our range. Our annual top 50 list of 2007 bestsellers will be published on our site in the next few days.

Backlist Bargains 2008

The popular Backlist Bargains will be back in January, with hundreds of titles available at significantly reduced prices. More information coming soon...
