The NHBS Monthly Catalogue in a complete yearly edition

Welcome to the Complete 2005 edition of the NHBS Monthly Catalogue, the ultimate buyer's guide to new and forthcoming titles in natural history, conservation and the environment. With 300-400 new titles sourced every month from publishers and research organisations around the world, the catalogue provides key bibliographic data plus convenient hyperlinks to more complete information and nhbs.com online shopping - an invaluable resource. Each month's catalogue is sent out as an HTML email to registered subscribers (a plain text version is available on request). It is also available online, and offered as a PDF download.

Please see our info page for more details, also our standard terms and conditions. Prices are correct at the time of publication, please check www.nhbs.com for the latest prices.
